

Speed-Rail® Fittings for Solar Pipe Racks

NEW "X" SERIES FITTINGS WITH ADDITIONAL SET SCREW

Hollaender® Manufacturing has introduced several high pullout capacity fittings for the solar pipe rack industry. This added capacity has been achieved by adding a second set screw in the vertical barrel of the fitting. These fittings are called the "X" series for the extra set screw and extra pullout capacity produced.

ITEM #	5E-7	5E-8	5EX-8	5EXT-8	5-9	5X-9
PIPE SIZE (IPS)	1-1/4"	1-1/2"	1-1/2"	1-1/2"	2"	2"
# SET SCREWS IN VERTICAL BARREL	1	1	2	2	1	2
PULLOUT FORCE AT 17 FT/LB TORQUE (A53 Galvanized Steel)	1265	1315	2080	2080	1360	2080

ITEM #	17-8	17-9	17X-9
PIPE SIZE (IPS)	1-1/2"	2"	2"
# SET SCREWS IN VERTICAL BARREL	1	1	2
PULLOUT FORCE AT 17 FT/LB TORQUE (A53 Galvanized Steel)	1315	1360	1705
